- **Ties-rack**
- **Fixed internal mirror**, H. 182 L.31 for doors W. 43 cm and H. 182 W. 42 for doors W.50 cm

## Rules for lamps use

On the Habitat's tops and shelves, there can be packed some aluminium lamps with LED illumination, and the switching on is regulated by a sensor. In presence of 6 or more lamps, it is necessary to use 2 power units, since each one has 6 entry.

To feed the lamps use the wired LED driver with max load at least equal to sum of loads of single lamps.
