

**Product: TABLE MORE**

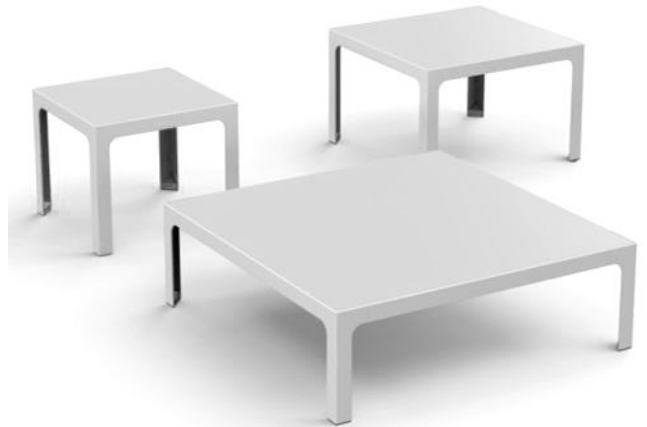

*More*: a coffee table that is transformed into a system, that adapts to transversal use, interfacing with any environment, from the dining room to the living room, to the bedroom, from the home desk to the office desk, from meeting rooms to the executive offices. Its structure allows you to create extremely customized and flexible accessories.

**TECHNICAL FEATURES**

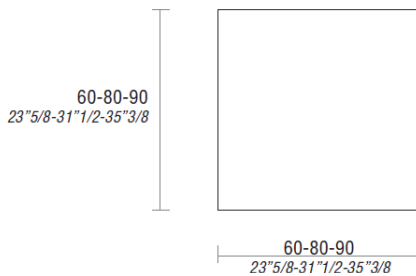

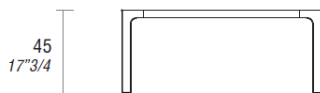

**Top:** the tops are surrounded by a flush with frame and are available in different finishes, as sablè lacquered, Veneer, White Fenix laminate, glass, back-lacquered etched glass or ceramic.

**Structure:** the distinctive element is represented by the support structure, consisting of metal legs that are inserted into the horizontal profiles with a fluid and measured arch.

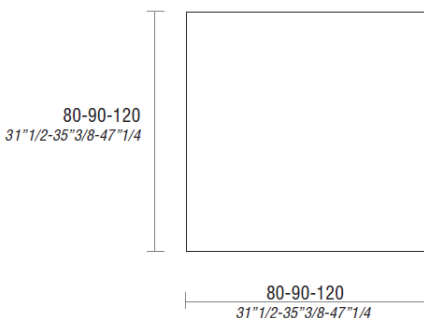

The same variety of finishes as the tops applies to the supporting structure.

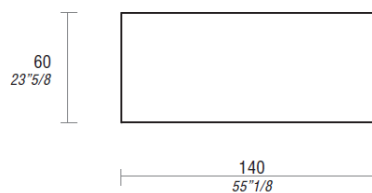

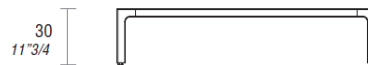

**DIMENSIONS**

*MORE, 60x60, 80x80, 90x90 H45 coffee table.*
