Modo

Modo is an office chair with a shiny plastic backrest frame that can be upholstered in mesh or in fabric. The seat is made up of a multilayer load-bearing wooden core covered by cold foam padding. The back is available in comfort mesh or quilted in fabric or leather. The base is available in the polyamide or aluminum version. The ø65 self-locking swivel casters are made of soft or hard rubber. The synchro mechanism allows adjusting the 60 mm seat in 6 positions and the backrest tension, and is fitted with a side-shift with anti-shock lock that can be adjusted in any of 3 positions.
TECHNICAL FEATURES

**Seat**
Structure in multilayered poplar wood, reinforced with metal bars for armrest linkage. The padding is in cold-molded polyurethane foam, with density 30 kg/mc, upholstered in fabric or leather.

**Backrest**
Fibre-charged polypropylene bearing structure with gloss finish polyamide cover. Adjustable lumbar support (range 70 mm) in gloss finish polyamide with polyurethane foam.

The backrest is available in:
- Confort mesh version: in high strength polyester mesh;
- Padded version: with bearing structure in mesh, padded with low density open cells polyurethane and upholstered in leather or fabric.
- Quilted version: structural frame with elastic bands padded in polyurethane and upholstered with quilted fabric.

**Upholstery**
TECHNICAL FEATURES

Base
The 68 cm diameter base is available in polyamide or aluminum version. The self-braking, swivel castors, Ø 65, are available in soft or hard rubber (black for polyamide base and with aluminum central disk for aluminum base). Available also on feet.

Armrests
2D adjustable version (height and depth), in polyamide or polished aluminum;
3D adjustable (height, width and depth), in polyamide or polished aluminum;
Support for polished aluminum version;
Upper armrests in soft polyurethane.

Mechanisms and adjustments
Syncro with seat shift system, allows the angle adjustment between the seat and the backrest (in 3 different positions), the seat depth and the side tension.
