

Terra

Design by Alessadro Scandurra

From the recovery of the wood of old houses, combined with the design and the expertise of the processing of the material, this table of strong thicknesses is born. Four sturdy legs support a top with rounded edges. Available in Solid Natural Oak or Terra Old Oak.

TECHNICAL FEATURES

Structure

Top and legs in solid Natural Oak or Terra Old Oak. Any cracks or splits present on the table, both at the time and after the purchase, are to be considered completely normal as they are typical qualities of solid wood which, during the seasoning phase, also moves according to the different environmental and humidity conditions present in the air. These movements cannot be considered product defects but are, instead, to be appreciated as synonymous with the quality of the material used to make the product: wood, in fact, is always a living material.

DIMENSIONS

Square table

Rectangular table

Square table in solid Terra Old Oak.

Rectangular table in Solid Natural Oak .
