

Asterisco

APP/Top Fly

Design by Estel R&D

Asterisco APP is an evolution of the historical Asterisco 2002 by Estel; it features two different types of legs: "Portale" and "Cornice". A metallic structure connects the external legs, creating a flexible system of modular desks. Worktops have a thickness of 30 mm ($1\frac{1}{8}$ "), and are available in a wide range of finishings, with squared or rectangular shapes. Screen panels are in upholstered fabric (available in different sizes and shapes). Electrical connections are integrated in all compositions (single desks and benches). Many accessories are available: top access, accessories bars, monitor arms, CPU holder, screen panels, cable holders, cable trays, whiteboard.

Top Fly is a storage unit system with a width of 33 cm (13"), depth of 80 ($31\frac{1}{2}$ ")/163,5 ($64\frac{3}{8}$ ") cm and height of 71 cm (28"). Storage units are designed to be joined with Asterisco desks worktops, creating a series of workstations with integrated storage. A solution with a high level of functionality and customization options: undertop can be arranged with internal drawer and filing cabinet, drawer and CPU compartment, drawer and hinged door or hinged door with EcoBox and Chair Box Valet. Workstations can be easily connected to power supply, through the technical compartment for floor connection, inside the storage unit. The worktops in the single desk version can be accessorized with a framed top access, while in the bench version they are equipped as standard with top access pivots.

TECHNICAL FEATURES

Top

MELAMINE, SABLÉ LACQUERED, VENEER

The tops are made in 30 mm thick (1 $\frac{1}{8}$ ") chipboard panels with antiscratch and anti-reflect melamine surfaces; tops are edged in PVC with radius on all edges.

Legs

Arc welded metal structure powder coated in finish White Snow and Carbon Glacé.

"Cornice leg" has 5 (2") x 3 (1 $\frac{1}{8}$ ") cm section.

"Portale leg" has 5 (2") x 3 (1 $\frac{1}{8}$ ") cm section. The height adjustable version (from 65 - 25 $\frac{5}{8}$ " to 85 cm - 33 $\frac{1}{2}$ ") also available.

Undertop beams

Under top beams have a section of 5 (2") x 3 (1 $\frac{1}{8}$ ") cm with an easy link system to the leg.

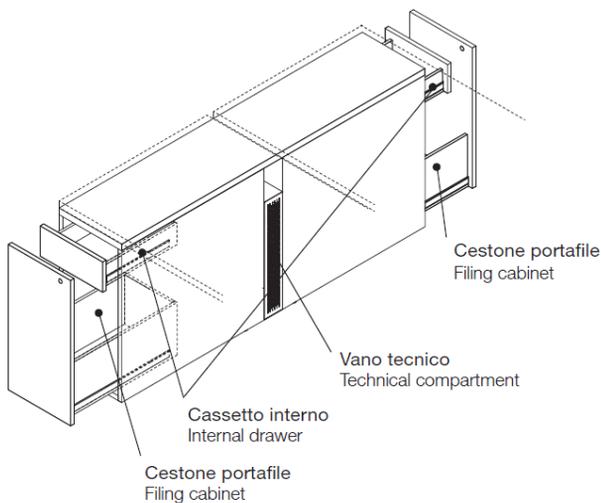

Decorative final cover

Available, with additional charge, for "Portale" legs, in four different colours: white, yellow, red, green.
