

Pochette

Design by Favaretto & Partners

Pochette is the innovative, foldable and comfortable evolution of the classic armchair, typical of common areas and conference rooms. Minimalist shapes to which you can add a side pocket for documents, a folding writing tablet and USB ports with battery pack.

Its extreme lightness stands out. The elastic back without metal insert distinguishes Pochette for its high comfort and functional quality. Furthermore, being foldable, the chair can be folded up and stored in small spaces.
