

Tulip

Design by Estel R&D

Tulip is a family of single-body armchairs for executive settings and for waiting areas and meeting rooms; three different back height options are available. The tilting mechanism guarantees the right comfort.

TECHNICAL FEATURES

OFFICE SEAT

Shell

Shell in cold-molded polyurethane foam, padded and upholstered.

Tulip version: the armrests, the backrest and the seat are characterized by a single stitching.

Canneté Tulip version: the inner sides of the backrest and the armrests are tailored with Canneté stitching. The edge of the backrest and armrests have a single stitching.

Upholstery

Fabric cat. B-F-G-L, leather, extra leather.

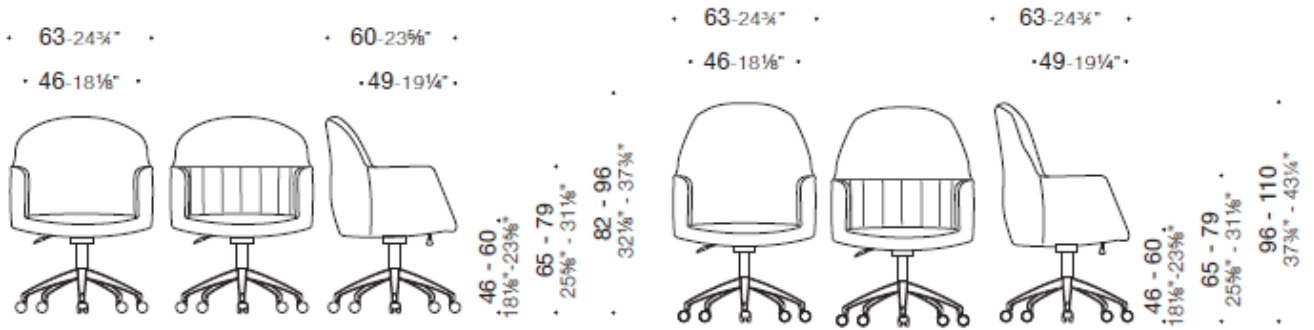

Base

Cross-shaped base: in chromed metal, with return mechanism. It does not have gas piston for height adjustment.

Mechanism

Pivoted: with rocking movement, with the possibility to block the chair in an horizontal position.
